## FOR SOCIAL RESPONSIBILITY

To Give Back and Provide Support to Our Neighbors.

### MISSION OF THE Y

The mission of the Northwest CT YMCA is to build a healthy spirit, mind and body in both children and adults through programs that foster caring, honesty, respect and responsibility.

### GIVE TO THE Y

With a focus on youth development, healthy living and social responsibility, strengthening communities is our cause. At the Y, we believe that lasting personal and social change happens when we all work together. When you give to the Y, you are funding life-changing programs that help over 10,000 children, adults and families in Northwest CT be healthy, confident, connected and secure. To find out how to give to the Y, inquire at the Membership Services Desk at one of our three branches or at [nwctY.org](http://nwctY.org).

### GET INVOLVED

As the leading nonprofit for youth development, healthy living and social responsibility, the Y works side-by-side with our neighbors every day to make sure that everyone, regardless of age, income or background, has the opportunity to learn, grow and thrive. To do our important work, the Y relies on support from members, donors, volunteers and community leaders.

### PLANNED GIVING

Many friends of the Y choose to help extend the Y's influence beyond their own lifetimes by sharing some of their personal assets. They accomplish this by making a planned gift to the Y's permanent endowment fund. The endowment fund is a powerful permanent legacy to further the work of the Y. Each year a portion of the endowment fund's income is used to support programs serving children. For information on planned giving please contact Greg Brisco at (860) 489-3133 x116.

Our preschool is led by a Connecticut certified teacher who possesses many years of experience. Children are assessed continually, and guided toward developmental benchmarks.

#### INFANT / TODDLER

Our highly skilled and caring staff provide early care and education for children 6 weeks – 3 years. We provide your child with a program that focuses on each child's developmental level.

Through a variety of daily activities, each child will have an opportunity to explore his or her environment while building a solid skill set for later learning.

Each infant is assigned a primary caregiver responsible for all daily activities, feedings, etc. Children are kept on their own unique schedules and we work closely with parents to foster new skills and reach developmental milestones.

The Toddler program consists of developmentally appropriate daily activities for two-year-olds, such as circle time, outside time, art and sensory time. Toddlers learn through play and teacher-directed projects.
